

ALFRED TRESIDDER, SCHOOL BOY INSTANTLY KILLED

Allies-Turks Come to Understanding Touching Protocol

AGREEMENT EXPECTED TO BE SIGNED BEFORE THIS DAY IS CLOSED

LONDON, Oct. 4.—Reuter's has received the following from a semi-official source in Athens:

"According to newspapers, an American destroyer engaged in embarking refugees at Aivali was bombarded by the Turkish garrison."

Aivali is on the Asia Minor coast north of Smyrna and opposite Mytilene.

LONDON, Oct. 3.—An agreement has been concluded between the allied generals and Ismet Pasha, Turkish nationalist representative, who has been in consultation at Mudania over the question of an armistice, from Constantinople. It is expected that the protocol will be signed today.

Former Premier Venizelos of Greece called on Ambassador Harvey today and asked the ambassador to send a message to Washington requesting the United States government to intercede with the allies. He requested them to occupy Thrace pending final disposition of that territory.

CONSTANTINOPLE, Oct. 3.—Turkish nationalists have accepted in principle the allied note in the near eastern settlement. It was announced here today.

LAWYERS JAILED AND MURDER CASE ADJOURNED

SA FRANCISCO, Oct. 4.—Today's session of the trial of Henry Wilkens for wife murder came to an abrupt conclusion when Frank J. Murphy, chief defense counsel, and William F. Herron, counsel for Arthur Castor, the prosecution witness in another court matter, were sentenced to 24 hours in jail for contempt of court in an argument over Castor's testimony.

ARTIST JAILED BY WIFE CHARGE OF NONSUPPORT

Became Involved With Former Wife of John D. Spreckels Jr. in Oakland

OAKLAND, Calif., Oct. 4.—Rodney Kendrick, newspaper artist and principal in a triangle which involved Mrs. Edith Huntington Wakefield, of Sausalito, former wife of the late John D. Spreckels Jr., was arrested here today on a charge of failure to provide. The felony charge was brought by Mrs. Nellie Kendrick, who is suing for divorce as a result of Kendrick's alleged objectionable relations with Mrs. Wakefield. Kendrick was taken to the Alameda city jail, where he was incarcerated in default of \$1000 bail. Mrs. Kendrick advises the court that Kendrick paid none of the \$75 monthly alimony due her according to a divorce action.

VICE RING ENDEAVORS TO DEFEAT THOMPSON

CHICAGO, Oct. 4.—Chicago vice interests have raised \$500,000 to defeat Mayor Thompson for reelection, who was offered \$50,000 to call off the drive against them, Dr. H. N. Bundesen, city health commissioner, told the National Homeopathic society, in session here.

PITTMAN GIVEN REAL SCORCHING BY REPUBLICANS

Fallacy of His Claims Exposed at Big Rally Held in Lovelock

LOVELOCK, Nev., Oct. 4.—Charles S. Chandler and party were here Monday night. Chandler enumerated many beneficial acts of the republican congress and punctured Pittman's claims as the father of the silver bill, responsibility for free cyanide, securing fish ladder, etc. "The silver bill for which Pittman claims sole credit was drawn by Boyle, who originated the idea. Pittman introduced it, but it would have been drawn, introduced and passed just the same had Pittman not been in the senate. Senator Odde lined up eastern and western senators for free cyanide and was given credit for it by the eastern press. Pittman hindered by bitter attacks on republicans in a speech and made it more difficult for Odde to approach eastern republicans who resented the Pittman talk. Arentz was the man responsible for the fish ladder and worked months to secure it, and Pittman finds the money was obtained and claims the credit. Speedy enactment of the emergency tariff by republicans saved the farmers and stockmen from ruin. The permanent tariff placed industry back on its feet and means plenty of employment, good wages and prosperity. The country is now picking up from the slough of stagnation left by the democrats after only 15 months of republican rule in which a billion dollars of national debt has been paid and taxes reduced the same amount." Grant Miller discussed the state and national ticket. "Scruggins, like Pittman, claims everything and has done little but spend state money. The republican ticket from top to bottom is made up of men of ability and not professional office seekers." Hunting, Russell and Smith spoke briefly.

WEST END SENDS OUT BULLION CONSIGNMENT

West End Consolidated made its shipment of bullion this morning for the last half of September. The consignment consisted of 33 bars, weighing 64,000 ounces and having an estimated value of \$75,520. This was an increase over the preceding 15 days, which amounted to \$64,285, or a total for the month of \$139,805.

CALIFORNIA GRAPE CROP BELIEVED TOTAL LOSS

SAN FRANCISCO, Oct. 4.—Approximately half of California's 350,000 tons of wine grape crop is near destruction as a result of the failure of shipping facilities and there is little hope of saving it. E. M. Sheehan, president of the California Grape Growers' exchange, announced the total crops are valued at \$30,000,000. "We see no hope of getting sufficient cars to move the crop," Sheehan said.

TRAIN SCHEDULE IS EFFECTIVE SUNDAY

Beginning next Sunday, the Oakland-Tonopah sleeper will be handled on train No. 24 out of Oakland, the departure being at 1:50 in the morning via Stockton, instead of by train No. 6, Oakland to Reno. This car will then be handled through from Reno to Tonopah. Train No. 24 will return on No. 23 from Tonopah to Oakland, the same as at present.

MINERS RETURN TO DUTIES IN THE MORNING

Those in Favor of Giving Ten Days to Investigate Conditions Elsewhere Win

The miners of the Tonopah and Divide districts will return to work in the morning, following a mass meeting held this afternoon in Eagles hall, the vote in favor of giving the mine operators ten days during which time conditions of the various camps of the west will be investigated, being 243 to 278, or a majority of 70 in favor of accepting the propositions as submitted by the mine operators. It was a splendid victory in favor of the conservatives.

The miners of Tonopah are on vacation today. Following a conference of the committee from the workers with a committee of operators held at the office of the Tonopah Divide Mining company, yesterday afternoon at 4:30 o'clock, and with so understanding being arrived at, the mine workers held a meeting at the Liberty theater at 7:30 o'clock. The gathering was presided over by St. Clair Wood and after a discussion of matters a vote was taken relative to declaring a walkout. It was finally decided that a holiday should be declared for today and that a meeting should be held at the Eagles hall for this afternoon at 2:30 o'clock to take up the matters contained in the proposition submitted by the mine owners. This permitted of all men on the night shift in the various mines of the Tonopah and Divide districts being present that they might express their views.

The proposition submitted by the mine operators follows: "In reply to your committee's request for an increase in wage we assume that this request is based on the assumption that wages and cost of living in other mining camps in the west are such as to justify you in asking for an increase in wage here. In order to determine the actual wage and living costs in these districts, we suggest that your committee and the mine operators jointly write to various mining companies in Butte, Mont.; in the Idaho mining districts; also in Elly and Virginia City, Nevada; also to Bisbee, Miami and Jerome, Ariz., to determine the wage scale existing in these camps; also to determine what is charged for board and lodgings and general living costs. "After this information has been gathered we can then intelligently discuss the relative wage and living costs here with those in the camps enumerated above.

"If these investigations should develop that wages and living costs are not more favorable to you here than they are in these districts, a wage increase will be granted, the amount of which will depend upon what this investigation shows, and will take effect as of Oct. 1, 1922." (Signed) JOHN G. KIRCHEN, Chairman of Meeting.

Tonopah, Nev., Oct. 3, 1922."

BANDIT'S WIFE ASKS OPERATION TO CURE HUBBY

Mrs. Roy Gardner Says Husband Can Be Cured of Criminal Tendencies by Surgeon

LEAVENWORTH, Kan., Oct. 4.—Mrs. Dollie Gardner, wife of Roy Gardner, notorious bandit, is anxiously awaiting word from Washington as to whether the government will permit an operation on her husband, who is in federal prison here. Attorney General Daugherty, it is indicated, may announce some time today whether the operation on the brain will be permitted, to relieve the supposed pressure which is said to cause Gardner's criminal tendencies.

REPUBLICAN NOMINEE FOR GOVERNOR WILL CUT DOWN EXPENSES

Economy is now the watchword among the capital crowd at Carson. In fact, they've been strong for it ever since John Miller, who is in Tonopah at present, announced his campaign slogan.

But how do they expect to accomplish this cut in expenses—by a reduction all along the line? Oh, no! They have carefully exempted the funds or appropriations of the state officers from curtailment and have tapped off the required amount from the budget of the educational, penal and charitable institutions of the state.

Under the law the existing governor is compelled to transmit to his successor a budget of estimated state expenses for the ensuing year.

When it became known that the state valuation would be materially reduced, automatically lowering the state's revenue, the heads of the university, state prison, asylum for the insane and the state superior (temperance) of public instruction were called before the board of equalization and told they would have to cut their respective budgets 2 per cent. This cut was agreed upon.

Following this agreement the governor and a number of assessors and

members of the tax commission went over the proposed state budget and made the reduction as indicated, after which it was approved.

But in no case was the proposed appropriation for a state officer reduced.

During the early part of the recent session of the equalization board there was a clamor for reductions all along the line and a number of assessors were rarin' to go. It was believed that some fur would fly and that an effort would be made to offset John Miller's economy slogan.

Undoubtedly this would have been the case had not been for the eagle eye of Governor Boyle. He called a number of the most anxious and willing assessors into conference and told them it was all fixed and they returned to the Arlington convinced that the great economy had been effected and that a reduction in valuations was but one of the many pleasant features of public life.

Yes, he fixed it, all right, but at the expense of the educational, charitable and penal institutions.

The budget as it comes from Governor Boyle to his successor is not mandatory in its figures and it is expected that Governor Miller will do some more slashing before he transmits it to the assembly.

BIGGEST RALLY HISTORY COUNTY MEETS TONIGHT

Republican Candidates for State Offices Will Address People At Butler Theater

The republican rally to be held at the Butler theater tonight at 8:30 o'clock promises to be epoch-making in the history of Nye county politics. Several of the leading members of the party in this state will be present and address the people upon the great issues, including national, state and county, and it is predicted that a record breaking audience will be present.

John H. Miller, candidate for governor, is going to explain to the voters how a huge saving can be effected in the management of state business, and being a man who is acquainted with every phase of the many industries of this state, he will furnish enlightenment that should prove convincing. Almost everybody in Tonopah knows John H. Miller and he will be greeted here by a wide circle of friends and acquaintances.

Another speaker with whom the people are well acquainted is none other than Harry H. Atkinson, candidate for attorney general, and who claims Tonopah as his home. Mr. Atkinson is considered one of the best orators in the state and is most convincing. He is well qualified to talk upon the issues of the day and knows the state's needs most thoroughly.

Sam S. Arentz, representative in congress from Nevada, will be another speaker, and he will devote himself to national issues, and being fresh from the halls of congress, he will be able to furnish much enlightenment concerning the success of the present republican administration.

Other prominent men will be present to make short addresses, so it would be well for the people to turn out and greet the distinguished leaders. Let's go.

JOHN MILLER VISITS WITH HOME PEOPLE

Delivers Stirring Addresses at Hawthorne and Mina and Enlightens Voters

MINA, Nev., Oct. 3.—John H. Miller and party arrived at Mineral, his home county, yesterday. He spoke at Hawthorne and at Mina at night. Mr. Miller reviews business and public life there and says he will apply the same methods in Carson as he did in Mineral county in the mercantile, banking and public business. He asks that a solid republican set of state officers help and cooperate with him. He pointed out that the last eight years of state valuation has been increased, the tax levy raised, although the population is decreasing from official figures. H. H. Atkinson urged the election of Miller to help in the big job of rehabilitation facing the republicans when he assumes office on March 4, 1921, and which is just started. Griffith, Alexander and Blackwell made short addresses.

FLOODS KILL THOUSANDS IN BENGAL REGION

Enormous Toll of Life With Great Suffering Reported By Travelers

CALCUTTA, Oct. 4.—Floods in northern Bengal have taken an enormous toll of life, according to passengers on the first train to reach here from Darjeeling in eight days. It is impossible to estimate the extent of the disaster at present, but travelers estimate several thousand persons have been drowned and other thousands made homeless and valuable crops destroyed. An outbreak of cholera is adding to the difficulties of relief work.

COLLIDES WITH AUTO DRIVEN BY MANHATTAN MAN; WAS UNAVOIDABLE

GIANTS ARE WINNERS IN FIRST GAME SCORE 3-2

NEW YORK, Oct. 4.—The Giants concentrated on Joe Bush, the Yankee twirler, in the eighth, knocking him from the box and winning the first game of the world series, 3 to 2.

Yankees 2 7 9
Giants 3 11 3

Batteries: Bush, Hoyt and Schang; Nehf, Ryan and Snyder.

NEW YORK, Oct. 4.—Thirty-five polo grounds today to see the thousands of spectators flocked to the broglio between the winners of the National and American leagues renewed after an armistice since last October, when the Giants captured the Yankees, bag and baggage. It was an ideal day for the game and a copious sun glowed in a cloudless sky and midsummer warmth in the October air.

"If this weather holds out we shall see some pitching, for you can't beat the old sun for oiling up soup bones," said Bob Shawkey, the Yankee twirler.

All the players of the two elips reported in good condition, except McQuillan, the Giant pitcher, who was slightly hurt by a batted ball in practice yesterday, and the "stone bruise twins" Nehf and Bush, who are about recovered from similar ailments to their heels, and were ready to oppose each other on the hurling hill. Babe Ruth said he is in shape to play and did not think as wretched side would bother him.

ORE FROM GRANITE WORTH 500 POUND

Hughes & Hattery, discoverers of the Granite high-grade strike about 20 miles from Fallon in the old Mammoth district, were in Fallon last week for supplies and to cash in on the returns from 1700 pounds of high grade shipped about ten days ago. The Western Ore Purchasing company at Hazen. The 1700 pounds brought them net returns of \$938, or over 50 cents a pound. They talk very confident of the discovery developing into a real mine.

George Edison Porter, president of the Brollico, states that the Brollico Silver corporation has about four tons of high grade on the dump at the claims owned by Brollico near the Hughes & Hattery strike. This ore has all been taken from a vein that has only been opened to a depth of 10 feet. It is claimed that the four tons saved will assay \$416 a ton. The vein is about 12 inches wide and looking strong. This showing is on the "Double K" group. Further development work is in progress on the "Double K."

On the Silver Leaves, owned by the Brollico, it is claimed that there is now about 400 tons of \$27 rock exposed. The Silver Leaf shaft will be sunk another 100 feet and a 150-foot drift run at this depth should increase the amount of ore in sight. Machinery for this work will be installed at the earliest possible moment.

Alfred Tresidder, aged 14 years, was instantly killed this afternoon shortly after 4 o'clock when he was run into by an auto driven by Tony Brackett of Manhattan, who was driving a Buick six. The boy was riding a bicycle up Main street and turned into Florence avenue, swinging to the right. The boy turned to the left, with the result that he was struck by the auto, one of the wheels passing over his head, tearing the skull almost wide open.

Mrs. Brackett immediately proceeded to the police station and reported the accident to Chief Smith, while the boy was rushed to the Mine Operators' hospital. One view by Dr. Craig, who was immediately summoned, convinced him that life was extinct and that he had met instant death.

The parents of the Tresidder boy are dead and he made his home with his brother, George. Two other brothers reside in California, while he has a sister, Mrs. Emma, residing in Tonopah.

Alfred Tresidder was a pupil in the public schools and was a member of the low fifth grade his teacher, Mrs. Myrtle Brown.

The body was removed to the morgue and an inquest will probably be held tomorrow.

PAYMENT DEBTS IS POSTPONED BY AGREEMENT

NEW YORK, Oct. 4.—Definite postponement of any payment of debts owed the United States by the European nations with the exception of England until the actual amount which such nation could ultimately pay, has been determined in a conference between creditors and debtors, as suggested by Reinhold McConna, former chairman of the British exchequer, in an address before the American Bankers' association convention.

COPPER BELT VALUATION

WASHINGTON, Oct. 4.—The Nevada Copper Belt railroad, according to a tentative finding by the interstate commerce commission, is entitled to a valuation of \$724,112 on its property and equipment used in interstate commerce. The company's own books place the investment at \$1,142,387.

Barney Knowles, a drug addict, has been committed to the state hospital at Sparks, where he will be given treatment in the hope of effecting a cure. Barney made personal request that he be given the cure, and upon his departure was accompanied by George L. Dugan, deputy sheriff.

BUTLER THEATRE

—THEATRE—

TODAY

CONWAY TEARLE in "LOVE'S MASQUERADE"

A real drama, involving real people. A story you'll like to discuss. And Two-Real Sunshine Comedy.

"THE LANDLORD"

Tomorrow:
